## **New eReg Program Helping Thousands of Businesses Get off the Ground Latest Innovation from BOE Saves Time for Taxpayers**

**Sacramento** – Taxpayers are finding the Board of Equalization's new electronic registration system, eReg, to be quick, convenient and time-saving. More than 25,000 taxpayers have used eReg since it went online June 18 and many say they are pleased with the flexibility it offers.

Customers can access eReg anytime and anywhere from their computer to apply for a seller's permit, pay use tax, and register for other tax and fee programs. Another bonus: if users don't have time to finish the application process – they can save their application and finish it later.

In addition, eReg allows you to:

- Register for a special tax or fee account such as International Fuel Tax Agreement (IFTA) accounts and Cigarette and Tobacco Products Retailer's Licenses
- Add a new business location
- Easily make use tax payments
- View the status of your account(s) online
- Access helpful reference materials, forms, and publications

eReg is one of several cutting edge e-services BOE has launched to improve the taxpayer experience and help businesses succeed. BOE ePay, a mobile application, allows taxpayers to make payments to their BOE tax and fee accounts from their iPhone, Android or any other mobile device. eFile is a free electronic filing system enabling taxpayers to go online to file tax returns and make payments.
